15

## DHHS recommendations

### 7 Domain recommendations:

- Adult mentor (trusted adult)

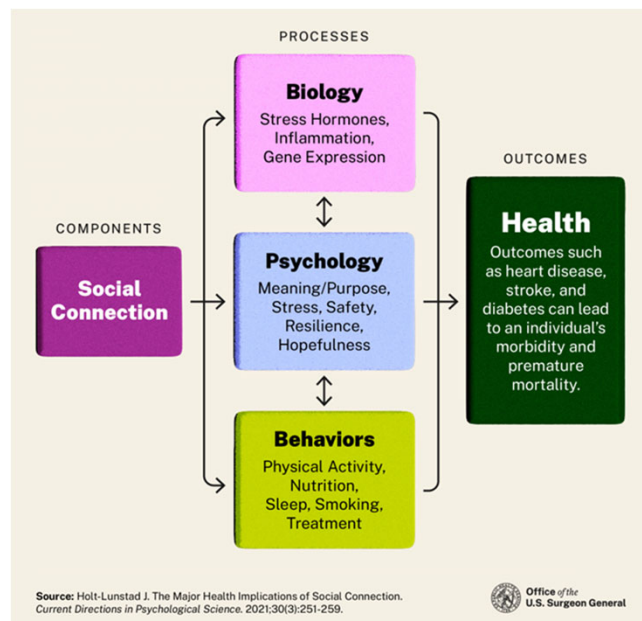

### Why?

- Only social determinants of health measure
- Will touch on multiple measures (mental health, bullying, social media, etc.)
- Aligns with Utah Health Improvement Plan and other connectedness initiatives

16

- 7** What does UHIP stand for? Will people know what this means?  
Jenny Johnson (DHHS), 3/10/2025

17

## Discussion

What are your thoughts on these recommendations?

Are there other recommendations for consideration?

Do you have any interest in participating in further discussion on strategies to address these priorities?

Are you doing anything in these areas that we should be considering?

Who isn't here that should be a part of these discussions?

After this discussion, is there something you would like to start or stop in your work?

19

## DISCUSSION QUESTIONS

1

What are your thoughts about the results? **What are one or two of your top priorities** or issues you would like to discuss?

2

What do you think about the UDHHS recommendations? **Do you support the direction?** Are there other more important priorities?

3

**What do you recommend?** What **strategies** are needed for complex systems change? Are there **opportunities** (or low-hanging fruit) that could be addressed sooner than later? How?

4

**Who needs participate?** What is your/your agency's role in any of these areas? Are there existing partnerships that need to expand? New **partnerships** needed?
